Virtual Baby Shower Fundraiser

10:00 AM CT / 11:00 AM ET - Event Fee \$10 per person

Donations* requested to purchase at least one \$1200 bilirubin monitor for the pediatric ward at Hadassah Medical Center.

* Donations can be made thru the registration process, even if you choose not to attend or by mail to the address below.

Why a bilirubin monitor?

In babies whose blood bilirubin levels reach harmful levels, bilirubin may get into the brain and cause reversible damage or permanent damage. A bilirubin monitor measures the amount of bilirubin in the blood. In newborns, it can take some time for the liver to start working properly. Frequent monitoring and urgent, early treatment of babies at high risk for jaundice helps to prevent severe neonatal jaundice.

Guest Speaker GILA ZARBIV

Certified Nurse Midwife

Gila Zarbiv is a Certified Nurse Midwife from Hadassah Ein Kerem Hospital in Jerusalem and is the Infectious Disease Prevention Specialist in the Labor and Delivery Ward.

Gila studied nursing at Henrietta Szold Hadassah Hebrew University School of Nursing, followed by midwifery. She meets and follows women throughout all the stages of their pregnancy, delivery, and postnatal period, as well as private sessions with couples who have had traumatic birth experiences or experienced loss during pregnancy, labor, or delivery.
